TO WHOM IT MAY CONCERN:

Gary Gervais has done work in our home for over ten (10) years. He was highly recommended to us by a neighbor when we first moved to our neighborhood in 1993. He has done various jobs, such as painting, repair work, carpentry, and numerous other odd jobs.

Gary has always shown up when he said he would or called if there was a problem with his schedule. He is always on time and works diligently while he is on the job. He is neat and organized in his work and pays special attention to detail. Gary is very trustworthy and even has a key to our home. He has become like a member of our family over the years. He works in our home several times a year and has continuously over the years.

I have recommended Gary to several friends and neighbors over the years. He is the first person I call when we need work done around our house.

Please feel free to contact me should you need further information.

Sincerely,

Lisa O'Mahony
